

# Hamilton Waterfalls Management

How can the Hamilton Conservation Authority enforce healthy use of the Spencer gorge conservation area for the wellbeing of visitors, the environment, and the community?

## PROJECT GOALS

### Community

- Parking
- Peace building

### Visitor Experience

- Carrying Capacity
- Safety Concerns

### Environmental

- Eco systems and habitats
- Waste Management

## RECOMMENDATIONS

### Community

- Focus Funding on Parking
- Consider Third Party Parking Management
- Continue Parking Reservation System
- Measure results Through an Annual Review

### Environmental

- Improve trails and manage informal trails
- Improve signage that contains information and warnings

### Visitor Experience

- Conduct research to establish the crowding capacity of the parks
- Improve information consistency and availability to the public
- Pay once for complete admission

## NEXT STEPS

Hamilton Conservation Authority

Waterfall Motion Working Group

City-Wide Waterfall Strategy

**Student Members:** Andrea Alaba, Brooklyn Penelton, Calvin Grootenboer, Jade Shaw, & Nolan Togeretz

**Course:** CTS-410 Core Capstone Experience

**Instructor:** Dr. Karen Dieleman

**City Staff:** Sylvia Sadowski
